for washing particular things  
Safe for Silks and All Fine Fabrics

## 36 PERMITS ISSUED LAST QUARTER

The number of building permits issued during the past quarter would indicate that building was on the increase in Norwich but outside of garages there has been only a small amount of new building. The largest part of the work is in new buildings within the city limits. At the office of Fire Marshal Howard F. Stanton there has been 36 building permits issued during the past quarter, 15 of these have been for new frame buildings, 2 for new brick buildings, 14 for alterations to a brick building and 1 permit for a new cement building. Of these 15 permits have been issued for new garages.

Andrew Brzekop of 85 Sixth street has been granted a permit to erect a shed on his property. The shed is of frame construction with a tar paper roof. The dimensions are 17x11x10 feet. The Fomenah company is steadily making improvements on the company property along Norwich avenue. Men are at present rebuilding the wall that extends along Norwich avenue in front of the company house. The wall is being raised about two feet over the old wall and will be topped with cement. The work on the tenement houses is still progressing rapidly within the city limits. It is expected that the work will be very nearly completed.

At the Thames River branch of the Robert Blair Paper company at Millville work on the new boiler room and coal bunkers is practically complete and work has been started on the corrugated paper box shop. The forms have been poured for this work and the girders will soon be set in place for the frame of the building. The loading platform which extends the entire length of the present building has been roofed in so that the work of loading can be done regardless of weather conditions.

On the Baltic road near the Baltic flats two new cement block houses are being erected. The work on the building having been completed to the second story. Both buildings are now practically ready for roofing in. The new brick two story building off Mohegan avenue has been raised to the roof and is now ready for roofing in. The window frames will be ready in a few days and the building will be ready for occupancy within a short time.

Other work under construction in Norwich has made good progress during the past few days and work is being rushed to completion.

### NEW LONDON.

Foundations are completed for the fine residence to be erected in Goshen for George Vincent Rogers of Boston and work has been started on the garage. The house is to be constructed of tapestry brick with blended asbestos shingle roof, hot water heating system and every modern convenience, and cost in the neighborhood of \$50,000.

Work has been started on a frame building to be erected on Bridge street for Sidney H. Hewitt. It will be 32x34 feet, two stories high, containing a store on the ground floor and a tenement overhead, arranged for one family.

There is being built at 45 Federal street for A. Rakoski. It will be constructed of concrete blocks, 20x20 feet, one story high and will cost \$7,500.

An addition to a house on Pequot avenue for Thomas A. Scott, is being built. It will be 12x18 feet, of wood.

Engineers are making a general survey of a 170-acre tract of land at Chesterfield, for the Rayville estate, including the buildings, pipe lines, etc. A complete survey of Mason's Island is being made for Dr. G. S. Allen of Waterford, with a view to cutting it up into building lots.

### Building Permits.

A. Rakoski, garage, 65 Federal street. Cost \$1,500.  
Thomas A. Scott, addition, Pequot avenue. Cost \$1,000.

### WILLIMANTIC.

David P. Ahern has been awarded the contract for the construction of a receiving vault in the Catholic cemetery here for St. Joseph's R. C. parish, of which Rev. John E. Clark is the pastor. The vault will be one story high, of concrete, 24x24.

### REAL ESTATE SALES.

Norwich had eleven sales of real estate the past week to six for the same period last year. The mortgage loans for the respective weeks were \$27,400 and \$19,200.

In New London there were eleven sales of realty last week while last year for the same week there were 14 sales. Mortgage loans for the respective weeks amounted to \$15,000 and \$31,300.

### PLAINFIELD.

Last Wednesday the Community building at Plainfield was formally opened to the public and a bronze tablet in memory of Harold Lawton, the founder of the mill plant, was dedicated. At 4 o'clock upwards of a thousand people gathered in front of the Community building, the beautiful weather being favorable to speechmaking out of doors. Seated in front were the treasurer of the Lawton Mills corporation, Harold Greene, of Bozrah, the president of the corporation, John Porteous, of Norwich; the agent of the corporation, S. T. Butterworth, and Rev. W. A. Keefe of Greenville.

Mr. Butterworth called upon Mr. Greene to preside and following a selection by the Plainfield band, Mr. Greene addressed the company briefly.

Rev. W. A. Keefe of Greenville, formerly of Plainfield, the speaker of the day, congratulated all upon the wonderful progress made by which Plainfield has become one of Connecticut's foremost industrial villages. He said:

"We are gathered to pay tribute to the memory of Harold Lawton, the founder of this mill, a man who began life a poor boy but whose early purpose to build industrially was accomplished successfully. He recognized the need of good families and had a reputation for choosing clean men as his helpers. The ideal he set was high, and it is for you to continue in that same spirit, making this an ideal village."

Following the address, Mr. Greene announced that the building was open to the public and those present took advantage of the opportunity to inspect the structure. The children were made happy by a treat of ice cream.

The dance at the auditorium in the evening was a great success, about a thousand being present.

The new Community building is a beautiful structure, located on the flat east of the mill, surrounded by ample grounds, which are to be utilized as a recreation place and beautified by shrubs, trees, flowers, walks, etc. The building faces east by south and is 116 by 160 feet. It is built of interlocking tile, plaster and stucco, in color a warm gray, with lower clock and cathedral chimneys dedicated to the memory of the late Harold Lawton, the founder of the extensive mill plant which bears his name.

From the main entrance one reaches the common room, a general social room, 36 by 80 feet, for men and women. In the common room appears a bronze tablet in memory of Harold Lawton, also a tablet in bronze to the two men who lost their lives in the war; also a tablet of wood having on it the names of men from this village—55 in number—who were in the last war. A portrait of Mr. Lawton will be hung in this room.

The bronze tablet reads as follows:

The Town Clock and Chimes in this building are dedicated to the memory of Harold Lawton 1852-1915.  
Cotton Manufacturer of Unusual Ability.  
Founder of the Lawton Mills Corporation in 1904.  
General Manager Until His Death.  
Generous Friend, Loyal Citizen.

The tablet in memory of the two Plainfield men reads:

In Memory of Joseph Vassese and Charles Falser, who died in the service of their Country in the World War.

The building is in charge of Edwin M. Murphy and Miss R. Marguerite Wilson, under direction of the Plainfield Community association. An annual membership fee of \$2 entitles any in the village to the privileges in connection with the building.

The executive committee of the association is made up of representative people of the mill and village. James Boyle is chairman, Cecil Butler is secretary and Benjamin Dawson is treasurer.

### HOPKINTON.

About 60 attended a republican caucus in the town hall Thursday evening, Sept. 30th. More women than men were present. The meeting was called to order by Charles B. Briggs, chairman of the republican town committee. Frank Hill was elected chairman and Frank E. Nichols clerk. Delegates chosen for the state and congressional district conventions to be held in Infantry hall, Providence, next Wednesday are: Henry D. Bailey, Mrs. John J. Greene, Levett A. Briggs and

## Stop Colds

Do not affect the heart nor upset the stomach.  
Send 1-cent stamp for free sample bottle.  
K. A. HUGHES CO., Boston 19, Mass.

Mrs. Sarah F. B. Hood, a town committee of seven members was elected as follows: Henry D. Bailey, Henry J. Wheeler, Frank E. Nichols, Emma Edwards, Mrs. Henry D. Bailey, Mrs. Mildred P. Briggs and Mrs. Josephine L. Collins.

Henry D. Bailey was named as a member of the state central committee.

Herbert E. Lewis of Hope Valley was nominated for senator and Everett P. Mathewson of Ashaway for representative.

The town committee and delegation were respectively authorized to fill vacancies in their number.

Mr. Lewis has been for several years a merchant in Hope Valley and, if elected, will be new in the senate. Mr. Mathewson has been a member of the house of representatives.

The Noddick club met last Wednesday at the home of Mrs. Charles Kenyon.

Nathan G. Wilbur, 87, a respected farmer at Tolland, died suddenly of heart failure Saturday morning. He had been in poor health for some time and had done no active work for several years. He is survived by his widow and a daughter, wife of Charles Dabrowski, of New Jersey.

The family of William Phelan has moved into the house on Broad street, Ashaway, owned by Charles B. Briggs.

Edward Allen of San Francisco was a guest of his brother, Edwin R. Allen.

Mrs. Sarah F. B. Hood visited friends in Providence over Sunday.

Mrs. Evangeline C. Kenyon attended the W. C. T. U. convention in Pawtucket last week.

Mrs. Hannah E. Trainer has purchased a two-tenement house on Maple avenue, Westerly.

Walter Gray was a participant in the Old Fellows' parade in Boston Wednesday last.

Mrs. Charles W. Jolley and children have been at Quonsetcong for a few days.

## To Free Your Arms of Hair or Fuzz

(Boulder Secured)

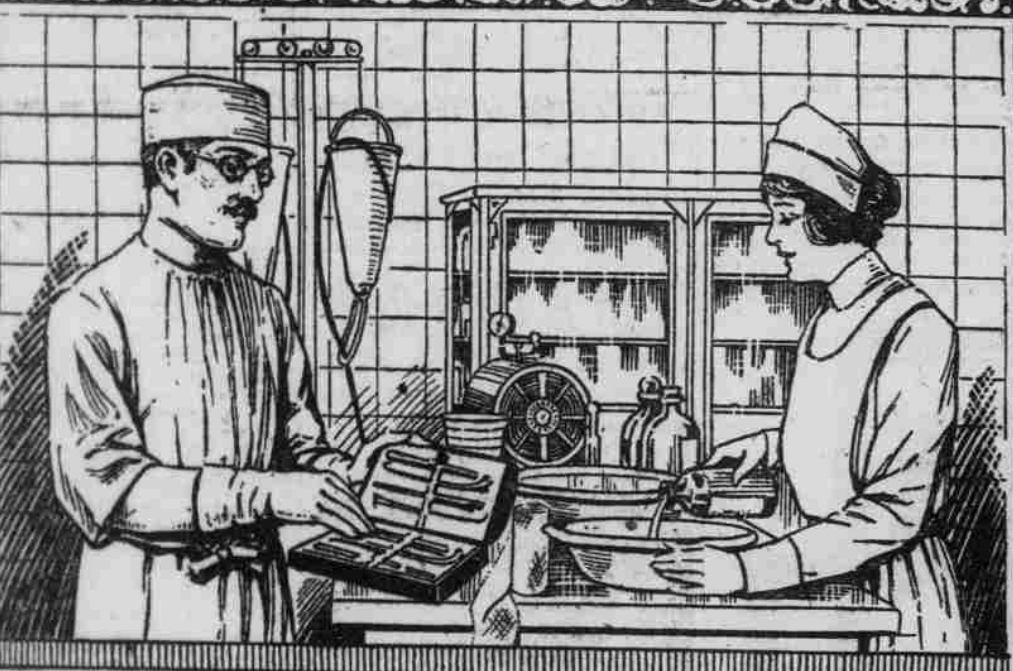

No toilet table is complete without a small package of delatone, for with it hair or fuzz can be quickly banished from the skin. To remove hairs you merely mix into a paste enough of the powder and water to cover the objectionable hairs. This should be left on the skin about 2 minutes, then rubbed off and the skin washed, when it will be found free from hair or blemish. Be sure you get genuine delatone.

### MOHEGAN.

Rev. Allen Shaw Bush of Gales Ferry, held communion services here Sunday. Mrs. Charles Morris and son of Providence, R. I., called on Mrs. Quidegon and Mrs. C. E. Fowler Sunday.

Gray of Ledyard, were guests Sunday of Mrs. Quidegon and Mrs. E. S. Fowler. Mrs. Moeck and Mrs. Dunn of Norwich spent Sunday with Mrs. Quidegon and Mrs. E. C. Fowler.

Mr. and Mrs. Julian Harris and son Raymond of Hartford were guests Sunday of Mr. and Mrs. H. H. Fielding.

## Escaped an Operation

There is nothing in the world a woman so much fears as a surgical operation. Often they are necessary, but often not; and many have been avoided by the timely use of that good old-fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound. If you are suffering from some dread ailment peculiar to your sex, why not profit by the experience of these two women whose letters follow?

### These Two Women Saved from Operations.

Cedar Rapids, Ia.—"After the birth of my last child I had such painful spells they would unfit me entirely for my housework. I suffered for months and the doctor said that my trouble was organic ulcers and I would have to have an operation. That was an awful thing to me, with a young baby and four other children, so one day I thought of Lydia E. Pinkham's Vegetable Compound and how it had helped me years before and I decided to try it again. I took five bottles of Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and since then I have been a well woman, able to take care of my house and family without any trouble or a day's pain. I am ready and thankful to swear by your medicine any time. I am forty-four years old and have not had a day's illness of any kind for three years."—Mrs. H. KOWNA, 617 Ellis Blvd., Cedar Rapids, Iowa.

Sandusky, Ohio.—"After the birth of my baby I had organic trouble. My doctor said it was caused by too heavy lifting and I would have to have an operation. I would not consent to an operation and let it go for over a year, having my sister do my work for me as I was not able to walk. One day my aunt came to see me and told me about your medicine—said it cured her of the same thing. I took Lydia E. Pinkham's Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and they have cured me. Now I do my own housework, washing and ironing and sewing for my family and also do sewing for other people. I still take a bottle of Vegetable Compound every spring for a tonic. I recommend your medicine to others who have troubles similar to mine and you can use my letter if you wish."—Mrs. PAUL PAPERFUSE, 1325 Stone St., Sandusky, Ohio.

Thousands of Such Letters Prove the Curative Value of
